DUMA-BANDZINK GmbH
Stand G191, Halle 27

www.euroblech.de

As the world's leading exhibition for the sheet metal working industry, EuroBLECH every two years is the must attend event in order to discover the latest trends and machinery in sheet metal working. Visitors to this year's show can expect the complete spectrum of intelligent solutions and innovative machinery for modern production in sheet metal working which are being presented in form of numerous live demonstrations at the exhibition stands.

Around 1,550 exhibitors from 40 countries will present new technologies as well as conventional machines for sheet metal working.

This year DUMA-BANDZINK GmbH will be represented together with its subsidiary AMTECKistler GmbH at booth G191 in hall 27. We are looking forward to meeting you!

Further information about the fair can be found [here](#).
